

Technical Details

Max. width for single system	13000mm
Max. projection for single system	7000mm LT / 11000mm XL
Max. size	91sqm LT / 143 sqm XL
Rafter profile dimension	80mm x 125mm LT / 110mm x 160mm XL
Rafter profile design	Curved
Gutter profile dimension	166mm x 160mm
Post dimension	100mm x 130mm
Min. rafter inclination	7 °
Surface finishing	Electrostatic powder-coating
Motor type	220 VAC 50Hz tubular motor 85, 120 NM direct drive
Automation	included
Control unit	included
Hdd Lux High Power Led lighting	optional
Dimmer	optional
Blackout fabric	included*
Top cover	included
Aerofoil louvre	optional
Side channel cover profile	N/A
Overhang	optional
Decorative fabric	optional
Rain sensor	optional
Wind sensor	optional
Sun sensor	optional
Wind&Sun Sensor	optional

*N/A (not available)

*Please ask for available fabric color options.
